THE KAMIKAZE HEARTS Alt-Country/Folk band from Albany, NY. Alt-country, folk, neo-country/post-folk/alt-folk/post-post-folk-country. They sound kind of like the Mountain Goats. You can't go wrong with an electric mandolin. They're also the hairiest band, EVER.

ANIMAL COLLECTIVE Created out of a basement in the chaos of Williamsburg, Brooklyn... they joined the exodus and their way from a wealthy suburb somewhere to become greasy-haired, tight-jeaned, laptop bearing masters of the hipster scene. On CMJ's top ten of the year, Sung Tongs has bee a dearly loved album. ARIEL PINK, another band off Paw Tracks, will be accompanying Animal Colltive.
